

Two-piece case print kit

Bottom tray and top lid for 3 NeoSliders beside 2 quad rotaries. 5 x 4 cells, 25 mm inside. Top is already flipped: put the STL on the bed as exported. Boards screw into bosses under the lid. M3 screws come from below through the tray into the lid posts.

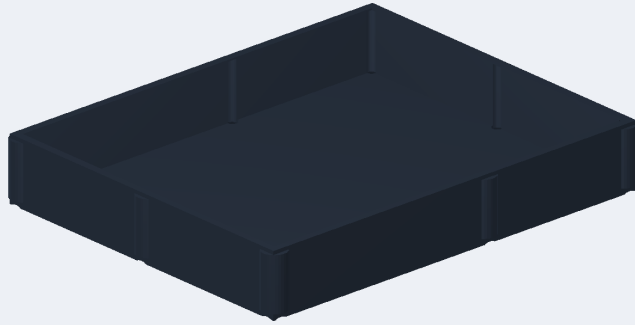

Print pair

Print pair 3 NeoSlider + 2 quad rotary
Left: tray. Right: lid already flipped for the bed.

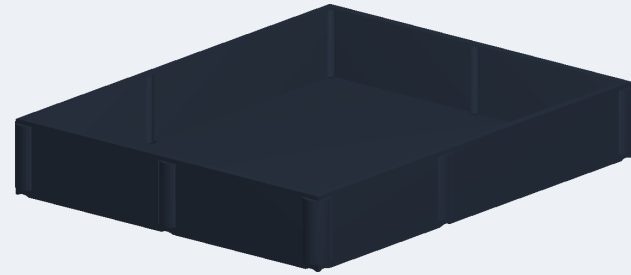

Bottom tray

Bottom tray 5 x 4 cells 25 mm inside M3 from below
ISO

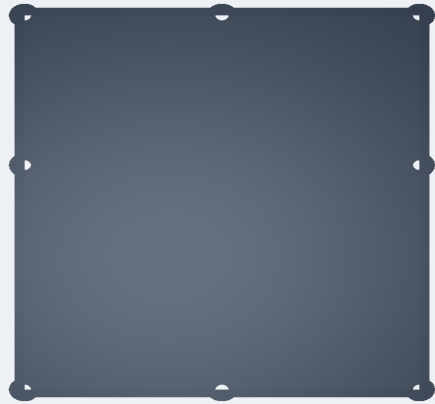

135.0 x 109.6 x 29.6 mm 1.00 in grid

Bottom tray 5 x 4 cells 25 mm inside M3 from below
ISO BACK

135.0 x 109.6 x 29.6 mm 1.00 in grid

Bottom tray 5 x 4 cells 25 mm inside M3 from below
TOP

135.0 x 109.6 x 29.6 mm 1.00 in grid

Bottom tray 5 x 4 cells 25 mm inside M3 from below
SIDE

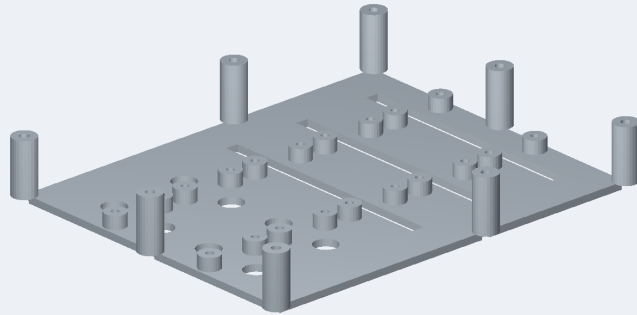

135.0 x 109.6 x 29.6 mm 1.00 in grid
